Here is how to begin:

1. Sign up for your class in advance with Maui Dive Shop. Make payment for your class in order to reserve a space. Review the SSI Medical Statement with the store staff prior to signing up. If there are any medical conditions indicated by a "yes" on the medical statement you will need a Medical Release Form from the store for a doctor to sign before starting class.
2. Purchase your student kit so that you can begin your adventures immediately. You will need to read modules (chapters) 1-3, complete the knowledge reviews at the end of each module, and watch the video by the start of the first class. If you wish, you can read and complete the knowledge reviews for all 6 modules prior to class.
3. Purchase your mask, snorkel, fins, boots and log book. These items are known as your personal snorkeling system and are not included in your course fee. Starting your class with properly fit, quality personal dive gear eliminates potential problems and frustrations associated with unfamiliar equipment. Appropriate personal gear is essential for diving safety and comfort during and after training. Our store staff and your instructor will help you select equipment appropriate for your SCUBA experience.
4. Come to class ready for adventure! Wear your bathing suit and comfortable clothes for covering up in the air-conditioned classroom. Bring your activity voucher, student kit with completed knowledge reviews, logbook, dive tables, personal gear (mask, snorkel, fins, and boots), towel, sunscreen, sunglasses and lunch or lunch money. You will need to provide your own transportation by car throughout each class day to travel between the dive sites and the classroom sessions. A taxi or bicycle will not be adequate.
