Referral Dives

Scuba Students can be referred from any Dive Shop to complete their requirements for Open Water Certification. We offer Check-out dives for any training agency (some may be for an additional cost). All students must have a signed referral letter from their original instructor acknowledging completion of all pool and academic sessions.

Four check-out dives are needed for Open Water Certification; however, standards allow only two check out dives to be conducted per day. Therefore, open water check out dives will take 2 consecutive days and are usually conducted in the afternoon. Each afternoon takes approximately 4 to 5 hours.

24 hour cancellation policy strictly enforced. All participants must complete a medical and liability statement.

What you will need: Dive Log, Mask, Fin, Snorkel, Swimsuit, Towel, Referral Form, Dive Table (for test), and Transportation.

Option B \$37.50 (Academic or Confined) per session needed to meet remaining requirements.
